

CAMPING FORM FOR 2018 SPECIALITIES

BRACKLEY PE

On site RV/Trailer parking is available for \$125.00 for the entire weekend (up to 7 days). This includes water, electrical and a sewer station upon exiting the site. Should enough people want their trailers pumped on the weekend we may be able to arrange it at an additional cost. Please advise if this may be of interest.

Tenting will be available at a cost of \$25 (if no electrical is required) but there are no showers available onsite.

For those that have trailers/RVs that are not staying on site you will be in a designated parking area away from the rings and the other RV parking.

Please keep your area clean and use garbage bins provided. This is privately owned properly and we would appreciate your help in keeping the area as clean as possible. Please do not hesitate to ask any of the Specialty Committee for garbage bags or any other supplies.

Parking reservation and payment must be made by entry closing date with your online entries or by mail.
